“Career in Armed Forces”

NCC (Naval wing) Deptt. of Defence & Strategic Studies of College organized a webinar on the topic “CAREER IN ARMED FORCES” in collaboration with Sai Shaurya Defence Academy, Sector-11 C, Chandigarh on 12 August, 2020 (Wednesday) at 4.00 P.M (CISCO). The key note speaker of the webinar was Brigadier (Retd.) Balwinder Singh Sandhu. Brig Sandhu spoke majorly on two aspects. First, Career in Armed forces and second, how to clear SSB. He explained both the topics in simpler words so that students aspiring to join Armed forces could have a fair idea about Indian Defence Services. He focused that this procedure of SSB selection is based on the trait theory of leadership which assumes that every leader must have some specific and pre-determined leadership traits. The present system of selection, although is long and takes four to five days, is thus based on an objective assessment of each candidate in which the qualities like initiative, alertness, judgment, courage, physical fitness endurance, cooperation, group planning, decisiveness, knowledge, are judged. The webinar was attended by 95 participants. The webinar also had a question answer session wherein students raised their queries which were answered by Brig Sandhu.

Activity Report dated April 25, 2022:

Future Forward-Decoding Employability

The Department of Economics of Post Graduate Government College, Sector 46, Chandigarh organized an interactive session on the topic Future Forward-Decoding Employability Skills on April 25th 2022. The session was well planned and conducted by Certified Soft Skills Trainers and Image Consultants, Dr. Poonam Sran and Ms. Raahat from women's Indian chamber of commerce and industry (WICCI). The Principal of the college, Dr. Abha Sudarshan welcomed the keynote speakers. The session began with an icebreaker activity after which the participants were explained the definition, relevance and significance of employability skills. Employability skills are as important for future employees as they are for self employed and professionals who begin to work on their own. 43 STUDENTS and four teachers participated in the programme

The key employability skills of the century were explained. Communication skills being the most prominent and Life Long Learning Skills, paving the way for continued success in life.

Participants very much enjoyed the activity on how to overcome the weaknesses and be persistent with the strengths. Further, they were given insights on how their first resume could be made structured and impressive.

The participants well received the learnings and were all charged up to work towards their career paths. The HOD of Economics MS Vandna organised the whole programme successfully along with Dr Manisha Gaur.

**P.G.GOV'T. COLLEGE, SECTOR-46, CHANDIGARH**

**Entrepreneurship Development Cell**

**Report**

**Date: November 15, 2022**

The Entrepreneurship Development Cell and the Department of Advertising and Sales Management of Post Graduate Government College, Sector-46, Chandigarh organised an interactive session on November 15, 2022, on the topic "Budding Entrepreneurs." Alumnus of the college Prashant Sharma, who is successfully running a coaching centre in Chandigarh, was the main speaker. They explained how an entrepreneurial mindset coupled with focus, commitment and the ability to take risks could serve as important ingredients to turn a vision into reality. Furthermore, setting a perfect example of "earning while learning," Rajat Goyal, a student of BA-III who trades in cooking oil, and Divya Bansal, a student of BA-II who is a chocolatier, freelance content writer and blogger also shared experiences with the students. They motivated students to take on the journey of entrepreneurship, embrace their failures, be persistent and stand up to the challenges of life without fearing the consequences. Near about 92 students from various streams attended the session and showed keen interest in enhancing their entrepreneurial skills. In addition, a video highlighting start-ups was also screened for the students. This video threw light on the process of initiating a start up.

The principal of the college Dr Abha Sudarshan addressed the students and applauded the efforts made by the EDP Cell and the Department of Advertising and Sales Management. Addressing the students, Dr Abha Sudarshan said that not only can an entrepreneurial mindset translate to a future career path, but also has value beyond that. It teaches the youth how to be self-sufficient and strong decision-makers thereby instilling confidence in their ideas and their ability to succeed.

Ms Vandana, Convener of the Entrepreneurship Development Cell and Dr Sugandha Mittal, incharge of the Department of Advertising and Sales Management coordinated the event. Other faculty members present on the occasion were the Dean of the college, Dr Rajesh; Dr Baljeet Singh, Vice Principal; Dr Uma Narang, Head of the Dept. of Computer Applications; Ms Riju Sharma, Head of the Dept. of English and Ms Pooja Sareen, Assistant Professor of Commerce.
