- The outbreak of COVID-19 left the country shut its doors to contain the spread of the virus but our teaching and non-teaching staff was deputed on COVID duty by the higher authorities of the Chandigarh Administration. As the virus multiplied exponentially, so did the demand of the staff being put on duty. Confronted with challenges, our staff is still performing the said duty thereby embracing the present situation with positivity, zeal and commitment towards the students as well as the community at large. The staff, especially the teaching faculty, has gone beyond their call of duty to contain the infection and break the transmission of the virus.

Understanding the altered needs of the students, these faculty members of Post Graduate Govt. College, Sec-46, Chandigarh took to teaching as well, amidst the confusion regarding how to hold students accountable for their learning with unequal access to resources and flexible timings (since the teachers who were performing the COVID duty could not devote time to the students in accordance with the timings allotted in the timetable). Indeed, a big salute to our unseen COVID warriors!
