# THE NATIONAL SERVICE SCHEME (NSS)

## NSS AT A GLANCE

The aim of the National Service Scheme is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institutions. The reason for the formulation of this objective is the general realization that the students in the +2 level and above have a tendency to get alienated from the village/slum masses that constitute the majority of the population of the country. The educated youth who are expected to take the reins of administration in the future are found to be unaware of the problems of the community and in certain cases are indifferent toward their needs and problems. Therefore, it is necessary to arouse the student's social conscience and to provide them with an opportunity to work with the people in the villages and slums.

# THE NATIONAL SERVICE SCHEME (NSS)

**The Motto** The motto or watchword of the National Service Scheme is 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view, and also to show consideration for fellow human beings. It underlines the fact that the welfare of an individual is ultimately dependent on the welfare of society as a whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day activities. Some of the activities organized by the NSS wing:

- 5th Rashtriya Poshan Maah
- NSS wing celebrated NSS day on the 24th of September on the college campus by organizing a One Day NSS Camp.
- NSS Wing organized a Blood Donation camp with Shivanand Chaubey Memorial Charitable Trust on 30.09.2022 on the college campus.

# THE NATIONAL SERVICE SCHEME (NSS)

## Aim of NSS Activities:

**Awareness of Environmental Protection:** In the present scenario environmental damage is causing loss to the national economy billions in the form of deforestation and soil erosion only. The role of N.S.S. becomes very important in this context as the constitution of India also envisages that it is a fundamental duty of every citizen to protect and improve the natural environment.

**Health Awareness Programme:** The aim of NSS is to provide necessary basic information and awareness on health-related concepts.

**Student Development:** One of the objectives of NSS is to uphold the personal growth of students through involvement in community development. Objectives: The broad objectives of NSS are to: Understand the community in which the volunteers work, Understand themselves in relation to their community, Identify the needs and problems of the community, involve them in problem-solving processes, and Develop in them a sense of social and civic responsibility, Utilize their knowledge in finding practical solutions to individual and community problems. Develop competence required for group living and sharing of responsibilities, Gain skills in mobilizing community participation, Acquire leadership qualities and a democratic attitude, Develop the capacity to meet emergencies and natural disasters, and Practice national integration and social harmony.
