Organizing educational tours and trips is a regular feature of the institution as it adds variety into otherwise regimented lesson plans. Instead of spending every day in the classroom, students get to learn in a new environment with new instructors and participate in group activities. It also encourages good behaviour and motivates students to work hard with the prospect of an educational trip looming as a reward - a time to unwind without the 'chalk and duster.'

- An educational tour was organized on Oct.31, 2019 to Mussoorie Hills, Dehradun, Uttarakhand. Forty students along with teachers enjoyed the trip to Forest Research Institute (Deemed) University—an exotic piece of architect and research marvel. Dr Manoj Yadav, a Pathogenic expert of the institute delivered a lecture sharing the history of the Institute and the most recent research activities that were being conducted on rare species of mushrooms. He strongly advocated that we should not pluck or harm any plant as it could easily lead to its immature death due to a wide variety of fungal attacks, including powdery mildew, black spot and grey mould (Botrytis) which usually go unnoticed to a common man in day to day life. The trip turned out to be an interactive, experiential and relatable session as the students were encouraged to interact with the speaker in such informal setting.

I shall be failing in my duty, if I do not express my indebtedness to all who in their own way have helped in raising the institution where it stands today, especially the unrelenting guidance and support of Chandigarh Administration, in bringing about major changes in the expansion of infrastructure facilities of our institute.

I congratulate all the prize winners. I am sure that our collective endeavour shall take our college to greater heights in serving the society in a meaningful and positive manner.

My wholehearted thanks to all parents and alumni who have been in touch with us during the year and their valuable suggestions helped us to improve. I shall look forward to your continued support in the near future.

Thank You.
